10 December 1947

MEMORANDUM FOR THE CHIEF, ICAPS

Subject: Proposed Definition of "Espionage"

1. General Chamberlin does not concur with the definition of "espionage". It has been proposed to insert the paragraph 1, NSCID No. 5, as he believes that espionage can not properly be construed to include both espionage and counter-espionage.

2. However, he has no objection to the use of either "counter-espionage" or "counter-intelligence" in paragraph 2 of that Directive.

3. He feels strongly that there must be a true meeting of minds on this Directive and, if necessary, reassemble the IAC for a short meeting to accomplish this objective.
